

INFORMATION FOR FACILITATORS & HOSTS

Thank you for your commitment to culture change and for agreeing to be a facilitator or a host for the Creating Home pilot. Once you have the materials in hand, please take time to watch the webinar (link below), which will walk you through the process and the materials.

These meetings provide an invaluable service to the general public (also called “consumers”). By educating the public about long-term care and culture change, we are fulfilling the mission of the Culture Change Network of Georgia:

Mission

To change the way Georgians *think* and *feel* about aging and disability by creating the kinds of support and services we want for our loved ones and ourselves.

“Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has.” . . . Margaret Mead

When you have decided on a date and location for your meeting, please contact Nina Yu (Assistant State Coordinator) to provide her with the specifics of your meeting. If you need additional materials or information please let Nina know.

Please make sure that each participant folder has a “Connect With The Network” Info Sheet about Culture Change Network of Georgia. The PDF is available on the website in the Special Projects section – link: http://www.culturechange.org/navigation_bar/special_projects.html

All meetings need to be completed by the end of May. All evaluations need to be mailed in the envelope provided to Sonya Barsness so that she has them in hand by June 1, 2011.
